

# XSD OP AREA PLAN

## Introduction: Op Area Website

There is a variety of information that can be located on the Op Area Website, located at <http://www.sdoparea.org>. Please visit the site and review each tab. A brief overview of what is included on the website will be provided in this document.

The screenshot shows the homepage of the North County Dispatch JPA website. At the top left is the logo for North County Dispatch JPA, featuring a fire truck and a cross. To the right is a search bar with the text "search here ..." and a "Go" button. Below the logo is the text "San Diego Operational Area Coordinator". A navigation menu contains the following items: "Home", "Daily Op Area and OES Reports", "Forms and Documents", "Operational Procedures", and "Contact Us". The main content area features the title "San Diego County OES Operational Area" and the subtitle "Coordinated by North County Dispatch JPA." Below this is the text "Please check back for news and updates." To the right are the logos for Cal OES (Governor's Office of Emergency Services) and the San Diego County seal. Below these is the text "San Diego County OES Operational Area" and "San Diego Zone Dispatch Agencies:" followed by four agency logos: North County Dispatch JPA, Cal Fire, and two others. At the bottom, there are three columns of information: "San Diego Area Agencies" (North County Dispatch JPA), "Weather and Burn Status" (Cal Fire- Burn Permit), and "Cal Fire News" (Shoemaker Fire (Los Angeles County) Started 8/14/2014 updated).

From the homepage, there are a variety of menu options. Under the **“Daily Op Area and OES Reports”** tab, each daily report that North Comm sends out will be uploaded to the website.

Under the **“Forms and Documents”** tab, OES and Op Area forms, such as blank Op Area and OES Report forms and OES maps will be located. More forms will be added to this section as needed.

Under the **“Operational Procedures”** tab, a full copy of the XSD Op Area Plan will be uploaded and updated as needed.

# XSD OP AREA PLAN

There are five different information boxes located at the bottom of the homepage with valuable links.

These sections include:

1. **San Diego Area Agencies**
2. **Weather and Burn Status**
3. **OES Websites**
4. **Fire Tracking and Information**
5. **Cal Fire News- RSS feed of current wildfire updates**

The screenshot displays five information boxes arranged in a grid. The top row contains three boxes: 'San Diego Area Agencies', 'Weather and Burn Status', and 'Cal Fire News'. The bottom row contains two boxes: 'OES Websites' and 'Fire Tracking and Information'. The 'Cal Fire News' box is the largest and contains a list of wildfire incidents with their start and update dates.
