

# XSD OP AREA LRA OVERHEAD ORDERING

**LRA OVERHEAD REQUESTS**  
HTL-Central Zone, MVU-East Zone, SND-Metro Zone, NCJ-North Zone

Note: Escondido Fire will place requests to the North Zone, NCJ for LRA

**LRA OVERHEAD REQUESTS**

Each Zone will fill requests within their respective Zone if applicable or until resources are depleted.

**LRA OVERHEAD REQUESTS TO XSD OP AREA**

If the requesting Zone does not have a certain overhead resource or the Zone has depleted the type of overhead resource within the Zone, the Zone will place the request to the:

**Op Area Dispatch Center  
North Comm. (NCJ)**

**LRA-OVERHEAD REQUESTS  
XSD OP AREA**

The Op Area dispatch center NCJ will place requests for the Zone or Zones for overhead within the Op Area until Op Area resources are depleted.

Once the Op Area resources are depleted, then the Op Area dispatch center North Comm. (NCJ) will place requests to Region VI

**Note:**

The requesting Zone Dispatch Center will need to know how the requested resources are being ordered when placing a request to the Op Area dispatch center.

Finance Code:  
MMA, CMA, CFAA, or Assistance for Hire

IS there an FMAG approved?

The Op Area dispatch center will need to know the same information when placing the order to other zones within the Op Area and to Region VI

**NOTE: Team Overhead Assignments-USFS will place and fill on MVIC side of ROSS and notify NCJ as the Op Area Dispatch Center to make unavailable on the XSD side of ROSS.**

**Qualifications must be verifiable in ROSS for overhead requests**
